SOLO BLADE POST

Railing system for commercial and residential architectural applications on the Interior & Exterior.

The stainless steel cable, in SS316 alloy. Cable tends itself to a low maintenance, high visibility infill that is popularly used on exterior applications. TAKA Railings uses their patent pending swage-less hardware that is a cinch to install without need for any complicated swaging machines.

PRODUCT: CIRCA™ | INFILL: CABLE

LENTZ PUBLIC HEALTH CENTER
NASHVILLE, TN

The Lentz Public Health Center is located in the heart of Nashville, Tennessee. They believe education is a strong factor to create a healthier community. TAKA Railings was chosen to fabricate our CIRCA™ Cable Railing System along the entirety of the balcony. This durable railing system complemented the traditional architecture seamlessly.

Project Details:
Location: Nashville, TN
General Contractor: Bell & Associates
Architect: Gresham Smith & Partners
Finish: #6 Satin Stainless Steel
Project Scope: 450 Linear Feet of Railings
Infill: 3/16" Stainless Steel Cable
Design & Installation Hours: 671

TEE POST

Railing system for commercial and residential architectural applications on the Interior & Exterior.

TK-0500

Top mount TEE cable railing system

Private Residence – Los Angeles, CA by Stair Service
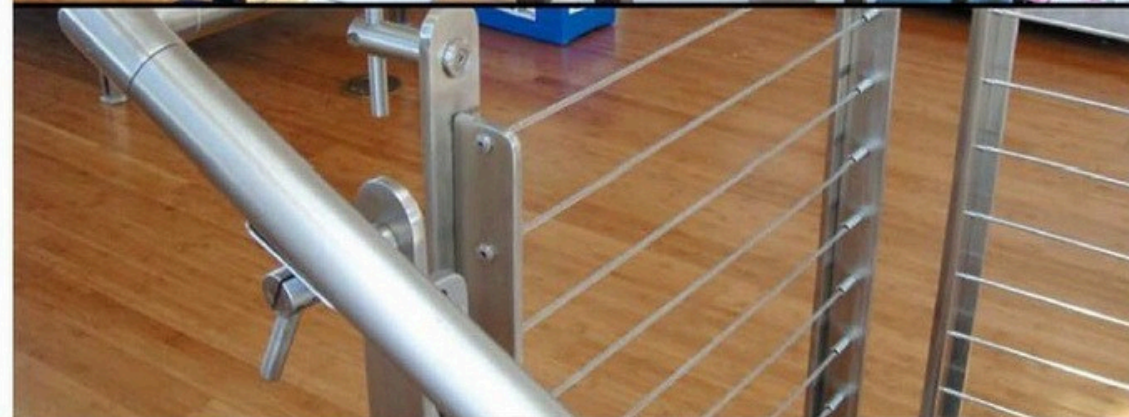

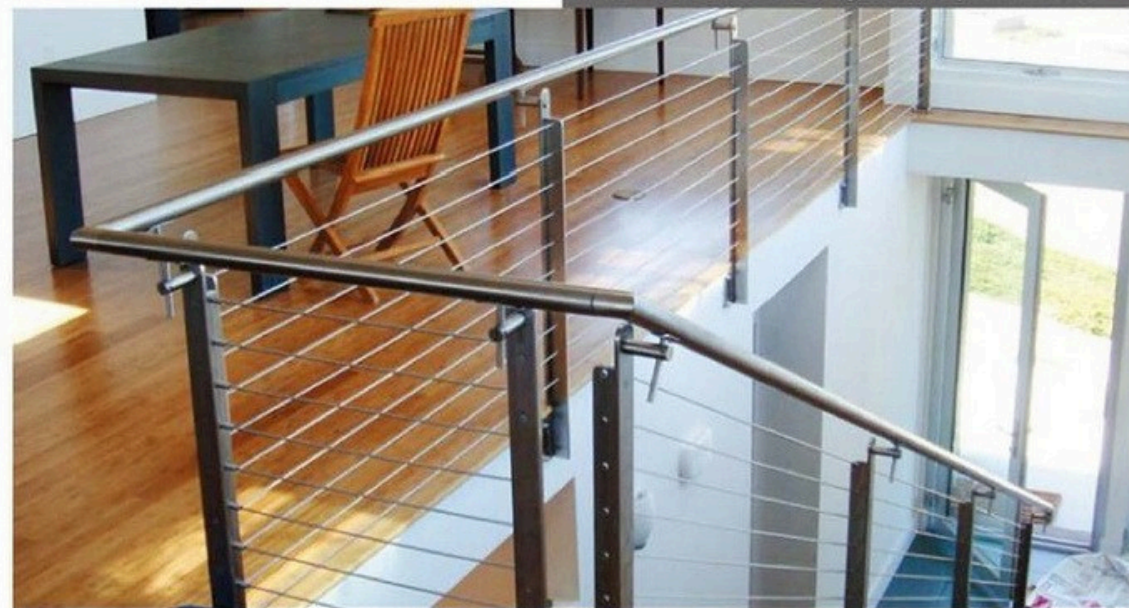

Rosa Mexicano – Palm Beach, FL by Stair Service

Fascia mount option

Adjustable reversible handrail bracket

3/16" SS Cable & concealed hardware

TEE™ System is a contemporary minimalistic design for a cable railing application. The structural "T" section offers the post stability against the tension from cable strands, while concealing cable mounting hardware. Stainless steel cable in-fill is available in a choice of 1/8" or 3/16" dia. cables.

11/74

CUBE POST

Railing system for commercial and residential architectural applications on the Interior & Exterior.

CUBE™ Railing System provides clean defined lines and a robust contemporary look. The system is made of 2"x2" square posts and a pyramid top cap creating continuous clean lines throughout the components.
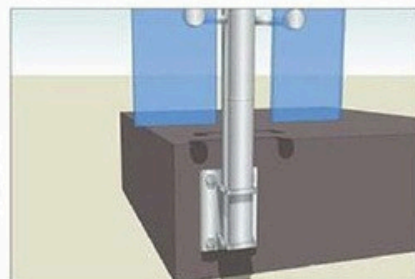

Fascia mount option

- **Glass (or panel)**
- **Cable**
- **Multi-line**

WALL BRACKET

Railing system for commercial and residential architectural applications on the Interior & Exterior.

TAKA扶手托架
TAKA Handrail Bracket

用于扶手的支承件经常受跟踪于保护方面的损坏。
TAKA桓杆系统提供固定墙扶手托架,以便你能够保留栏杆的原有风格。
安装快速简单,成本低而且时尚。

Supports for hand railings are often marred by interfering securing points.
TAKA offers blind wall attachments so that you can secure railings without detarring from the design. And thanks to the quick and easy installation,being stylish doesn't have its price.
